

General Chemistry II

Course Syllabus - Fall 2008

Course: General Chemistry, CHEM. 1223

Course Description: A continuation of CHEM 1103. Properties of solutions, chemical kinetics, equilibria, second and third laws of thermodynamics, redox equations, electrochemistry, nuclear chemistry and aspects of descriptive chemistry.

Prerequisites: CHEM 1103 and concurrent enrollment in CHEM 1232

Instructor: Dr. Mike Jezercak **Office:** H 320 C **Phone:** 974-5018

E-mail: mjezercak@ucok.edu or drjez@uco.drjez.com

Office Hours: 10:00 a.m.-10:50 a.m. M, W, F and 8:00 a.m.- 9:00 a.m.Tues

Course Objectives: Students, upon completion of this course, will have gained exposure and practice in the basic language and operation of chemistry.

Class time: 9:00 a.m. - 9:50 a.m. M, W, F.

Course Text (Required): CHEMISTRY 4th Ed, by Olmsted and Williams – John Wiley & Sons

Other Resources: A scientific calculator for in-class problem solving and exams will also be required.

Evaluation: Evaluation: Final grades will be based on the results of regular classroom exams, quizzes as needed and a final examination. In the event of an illness or emergency, one exam grade may be discarded. An absence on an exam will be construed as such. No other grades will be discarded and there will be no make-up labs or exams. Grades will be assigned based on the following percentages:

Exams and Quizzes	75%
Final Exam (ACS 2-semester comprehensive)	25%

Audit: Students desiring to audit this course will be assessed a satisfactory grade by maintaining a letter grade of “C” or better.

Attendance: Attendance to all classes is expected. No make-up exams will be given.

Quality of Written Work: All submitted assignments and exams must conform to standards discussed in class and in the provided handout and example. Work not adhering to strict standards of neatness, organization and grammar will not be graded and will subsequently be marked as missing. Students unable to conform to minimum standards may be required to attend writing skills courses administered by the Learning Resource Center in order to continue in the class.
